Subject: List of the community involvement opportunities?

Maybe you have already given this to us, and I forgot. I was wondering if someone had handy a list of the various community involvement opportunities? Jackie is out, but I have pulled together the list below from several sources. Please let me know any additions or corrections needed. Thanks!

- On February 8, 2017, the Navy hosted a Radiological workshop with experts at 8 posters to answer the public's questions and hosted a pre-meeting press availability session. These were attended by approximately 200 people.
- On April 7 and August 5, 2017, the US Navy hosted Bus Site Tour events where they explained the radiological investigations and progress on the base cleanup. 67 and 72 people attended, respectively. In addition, Dr. Kathryn Higley, Community Technical Advisor, offered office hours at the Shipyard June 10 and 12 and August 5, 6, and 7, 2017.
- The Navy hosted a community open house meeting September 6, 2017, to update the public on the cleanup progress at Parcel E-2.
- The US Navy presented a radiation update at the S.F. Mayor's Citizen Advisory Committee on September 11, 2017. This event was live streamed and broadcasted on the radio.
- The Navy shared information at a table at the Hunters Point Artist Studios Open House October 14 and 15, 2017.
- James Bryant, the Navy's community liaison, attended meetings of the San Francisco Mayor's Citizen Advisory Committee on [DATES? October 16, 2017?] to share information about the Navy's cleanup.
- The Navy hosted an informational booth at the 10th Annual Health and Harvest Fair from on Saturday, October 28, 2017, at the Southeast Facilities Commission at 1800 Oakdale Avenue. Dr. Kathryn Higley answered questions about radiological health and safety, and Mr. James Bryant had informational materials available on the Navy's cleanup at HPNS.
- The Navy will host a public meeting December 5, 2017, about Parcel C cleanup of volatile organic compounds.
- The Navy will host a public meeting January 31, 2018, about the radiological cleanup.
- To enhance the availability of Navy information and resources to the community, Mr. James Bryant, community liaison, is available in his office to talk with you on the **first Tuesday of every month from 2:00 p.m. to 4:00 p.m.** at his office: JBR Partners, 1333 Evans Avenue, San Francisco 94124. You may

drop in anytime during the liaison office hours to pick up information, ask questions or leave comments on the Navy's cleanup at HPNS.

As always, you can contact

**Community Technical Liaison – Radiological Health
and Safety**

Dr. Kathryn Higley

kathryn.higley@oregonstate.edu
(541) 737-7063

Dr. Higley is the Head of the School of Nuclear Science and Engineering at Oregon State University. As a Certified Health Physicist, she holds degrees in Radiological Health Sciences. She is available to answer your questions by phone or email, and is also available by appointment.

Community Liaison – Radiological Program Outreach

James Bryant

community@sfhpnns.com
(415) 970-9051

James Bryant is a local Bayview resident with a long history in community outreach. He is available as a resource to the greater HPNS community on behalf of the Navy to gather community member questions and share information about Navy's cleanup. James is available to community members by phone, email, and in person.
